ON THE RADAR · NOVEMBER

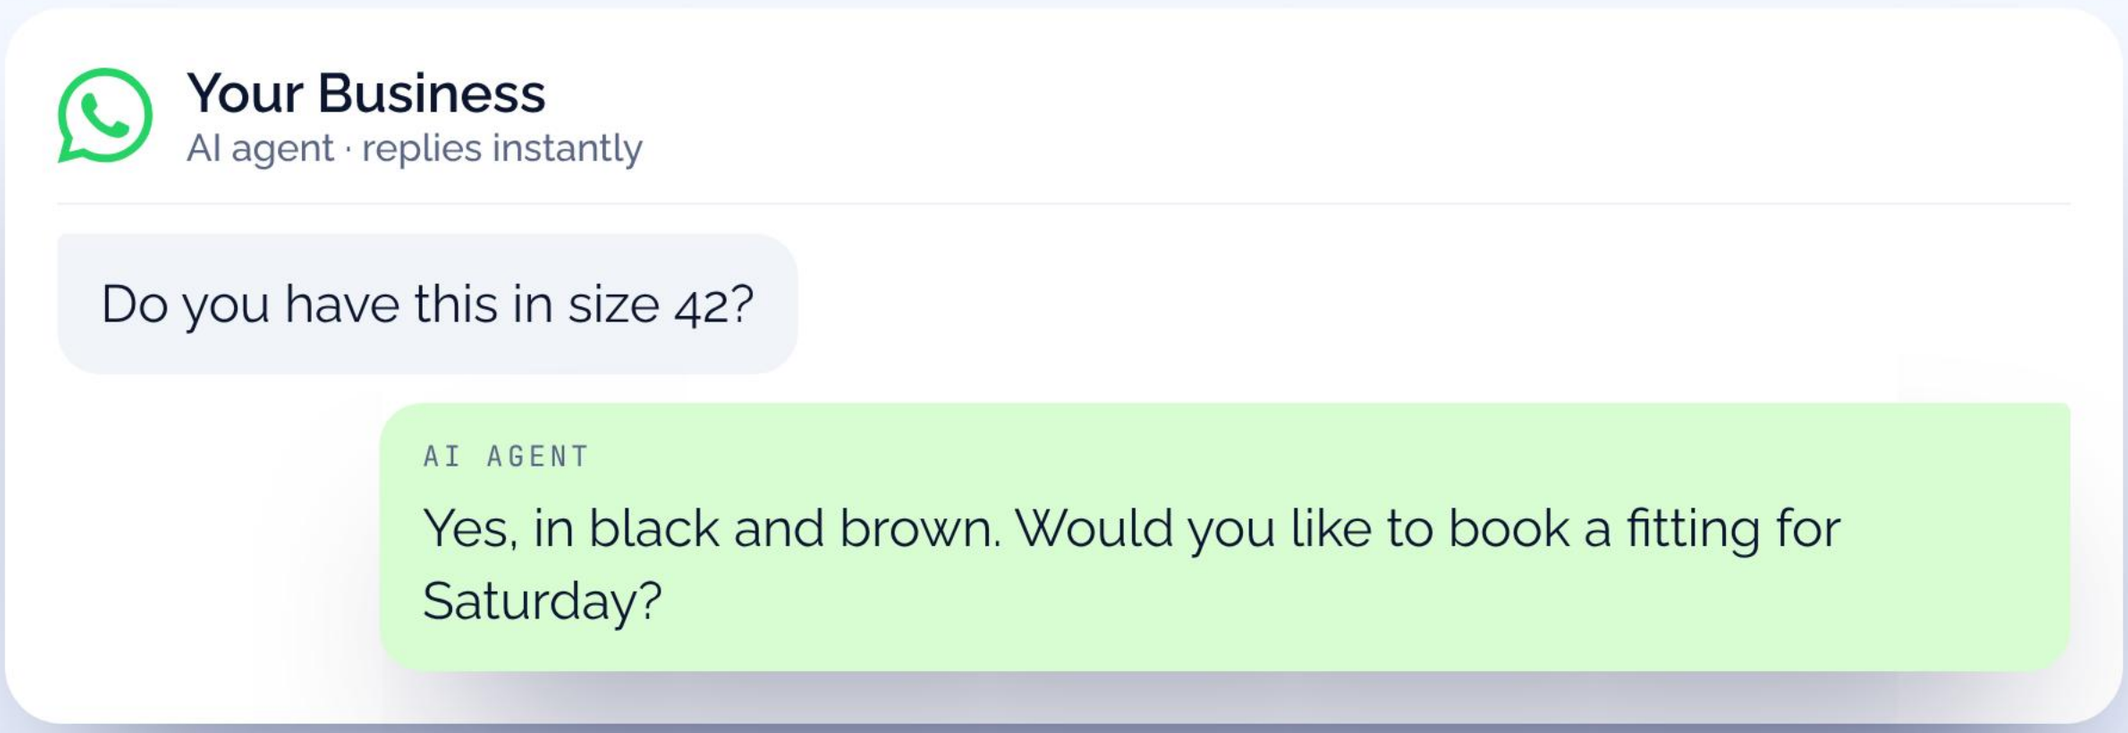

AI can now answer your customers on WhatsApp and Google.

Should you switch it on?

01 WhatsApp

Meta Business Agent

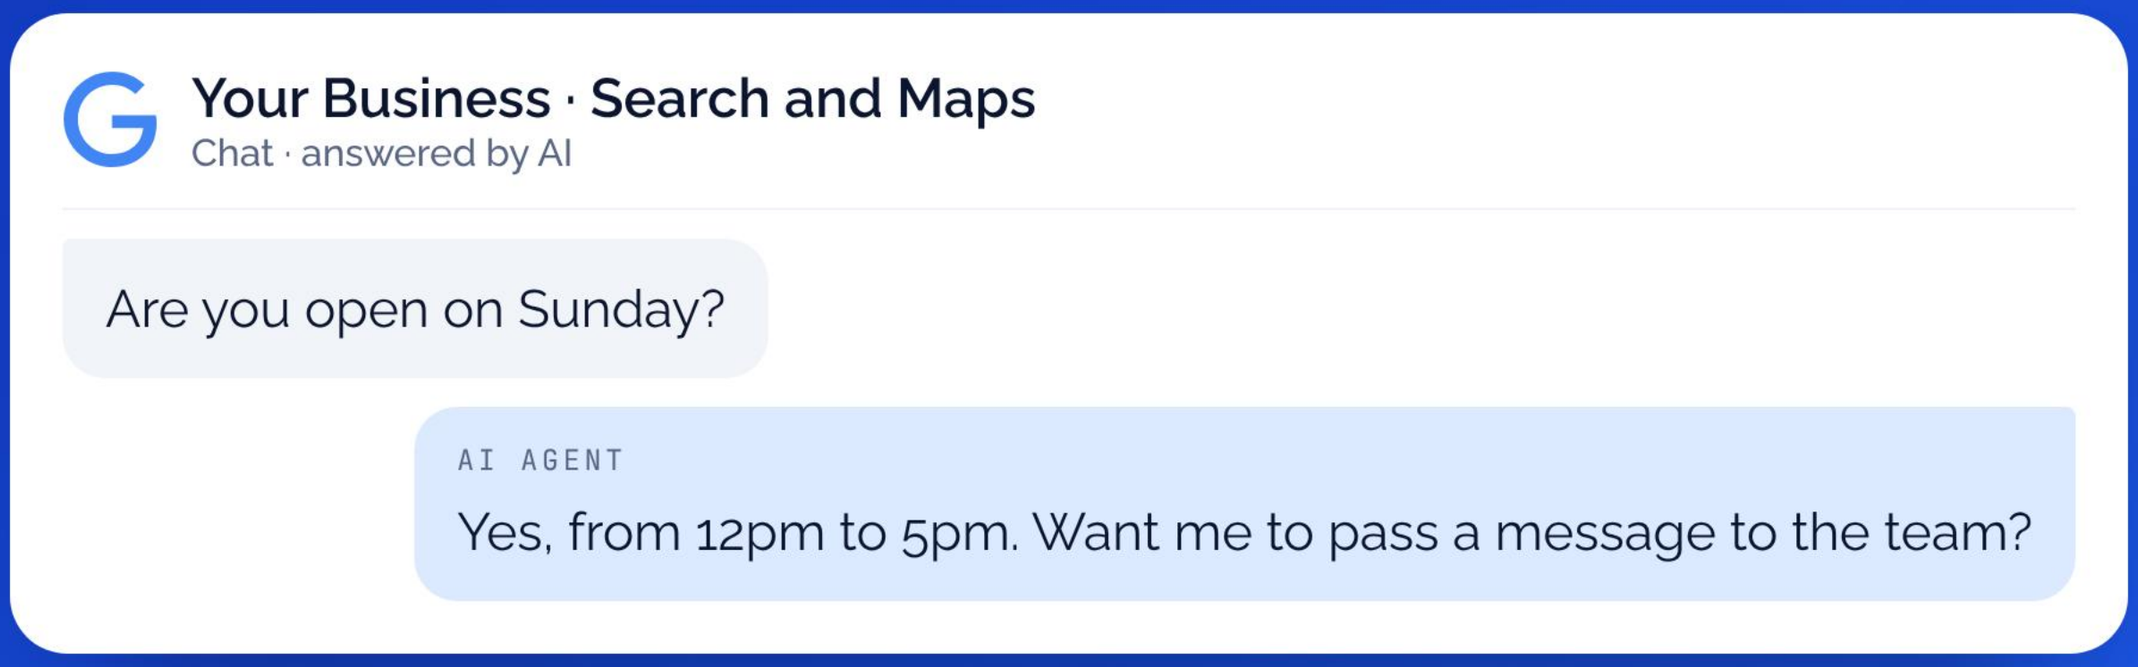

ILLUSTRATION

- Answers questions, recommends products, books appointments
- Hands over to your team when you decide it should
- Launched globally in June 2026; check pricing in your account

02 Google

AI messaging on Business Profiles

ILLUSTRATION

- Answers routine questions from people who find you on Search and Maps
- Hands the rest to you; you can take over any time
- A pilot that started opening to more businesses in late October

OUR TAKE

Switch it on when...

- Your answers are written down: prices, hours, delivery, policies
- Someone reads the conversations every day
- You've checked what it costs in your account
- Not yet if your information changes daily and lives in your head
